CONFIDENTIAL

Director of Education,
Jerusalem.

Subject :- Ahmad Eff. Khalifa.

Reference:- Your 4014/H. dated
18th July, 1933.

I transmit herewith a letter from
Ahmad Eff. Khalifa on his proposed
transfer.

2- I have expressed my opinion on this
matter in my private letter to the
Director of Education.

D.I.E. GALILEE.

Haifa,
25th July, 1933.

Director of Education,
Jerusalem.

Through

D.I.E. Galilee,
Haifa.

I was informed by D.I.E. Galilee that my transfer to the post of Principal of the Rural Training Centre, Tulkarm has been finally decided and that I am required to be at my new station early in September next.

Since my transfer does not carry any advantage in pay commensurate with the title of the post and the difficult work connected therewith, I do not see why my career as Inspector should be interrupted.

I am not so far aware of any reason for my transfer from the Inspectorate to teaching and in the circumstances I cannot help feeling distressed for being called upon to undertake a new work in the time when I think that I have reached at a point very near to the end towards which I have been walking for the last eleven years whereas my other colleagues were left to continue their way to the end.

Inspite of the fact that my progress in the Department of Education was not slow, yet I find that it was not as quick as that which some friends in other departments enjoyed after a short period of service. The Asst. Registrar of Co-operative Societies

did not wait long to rise to class "K". I can assure you that an officer in your Department who has been well acquainted with village conditions and problems is fitted to this kind of work more than other person who has not had the same experience. The Forest Ranger of Acre who was considered as being sufficiently qualified to assume a teaching post at the Kadoorie School of Agriculture, Tulkarm was given a jump in his salary from £p.14 to £p.25 per mensem when he was transferred.

No matter how strong the Headquarter Officers of any Department may be the success of their plans depends to a great extent on the energy and efficiency of those officers who represent them in the districts. An officer cannot be convinced that he was rewarded by a transfer from a place where he shares charge of a big number of schools with more than 200 teachers to a place where he will have to train a dozen of teachers only. While I know the fact that I am not entitled to advice on division of duties, Yet I consider that I can enjoy the liberty of saying where I am more useful to the Department of Education to which I am ~~pam~~ proud to belong. I can assure you that I have strong family reasons which deserve to be taken into account in the reconsideration of my transfer, but I do not feel inclined to mention them in this letter lest you should think that I am resorting to all kinds of arguments against the transfer.

If it is not possible to consider any family reasons which I am ready to mention when you so desire, and if you cannot reconsider my transfer in the light of the other arguments hereabove mentioned, I beg to request to be enlightend on the following points:-

- (a) Can I be assured that my previous long service as Asst. D.I.E. will be taken into consideration when a higher vacancy in the Inspectorate occurs.
- (b) Will my order of seniority among Asst.D.I.E's and the good work I have done during the temure of my former post remain good when an opportunity presents itself for persons in my grade to rise into a higher administrative post.
- (c) Will the new post affect the proposed grant of one year's leave to me in 1934 - 35 for a special course in a British University.

I shall be obliged if I am favoured with a reply.

Akhalifa

It is not possible to continue the
Lithography when I am ready to return to work
now as desired, and it is not possible to
continue in the light of the other conditions
now before mentioned, I am prepared to be
satisfied on the following points:-

(a) That I be granted the same as before.

and the same as before, I will be able to

take a special leave when higher wages

are being paid.

(b) That my salary of £100 per week be paid

and the same work I have been doing the

same of my former post which is good with me

especially as I am able to do the work in

my spare time also in a higher position.

Now,

(c) That the new post which is proposed grant

of one year's leave to be in 1914 - 15 for

a special course in a British University.

I shall be satisfied if I am favoured with

a reply.

Dear Mr Farrell

In confirmation of my verbal assurance to you that the information given against the character of some of my administrative and teaching staff, was entirely groundless, I beg to inform you that after my arrival in Acre, I made very secret and indirect enquiries which put me in a firmer position to refute such baseless reports.

My assistant, Ahmad Eff. Khalifa has never made the two speeches referred to in the report and has never demeaned himself to appear half intoxicated or to drink alcoholic liquors in public resorts, and he must have been mistaken for another person.

This being the case, I shall be grateful, if you will kindly draw the attention of informer's chief to the falsehood of the report submitted to him so that he instruct his men to be more careful in future in giving reports on officials who held and still hold satisfactory careers both in their sagacity and good character.

The two speeches given by Husni Eff. Khalifa, the headmaster of Acre Elementary Boys' School are free from politics.

The 1st speech was delivered in my presence, in the Court of Jazzar Mosque when Al Jam'ia al 'Ilmiya was inaugurated by its chairman, the Mufti of Acre. Many Officials including the District Officer Mr Fi'ani and Mr Miller, the Police Inspector were present. The District himself delivered a speech wishing this society progress and prosperous future.

The other speech was delivered on the anniversary of Moharrem and speaker treated this event from a historical point of view explaining how the Prophet, Mohammed fled from Mecca to Medina (Yathreb) and how God has saved from the conspiracy of Quraish infidels who saw the ruin of their powers in the rise of the new religion.

Copies of these two speeches are sent to you herewith for perusal and if necessary for transmission to concerned.

With regard to the alleged songs sung by Govt. School pupils at Acre, I beg to assure you that our schools at this town worked as usual on the 1st day of Moharrem and that a very small number was absent only. The school authorities cannot therefore be held responsible if a few number of pupils after school hours joined the feasters up to the Municipal Garden where street boys were singing colloquial songs, which are never known by our pupils.

I am deeply sorry that such an untrue information should have been

The refutation of these groundless informations
will give a good lesson to those informers who commit
serious blunders under the shelter of their secret work.

With best regards ,I beg to remain

In continuation of my letter No.43/229
of 8.4.23, Ahmed Eff.Khalifa whose leave for the year 923
will begin as from the 10th of August, desires if you could
help him in having 15 days more, so as to enable him to study
some chemistry and other sciences by Mr Semple the
Principal of the British High School Safad.

This request is strongly recommended
by me for the reason that the leave will be spent during the
Summer Holidays, when the work is not so abundant and the
schools are closed. Moreover he is considered as a teacher
in the Secondary school Nablus for purposes of pay, and this
might be taken into consideration in granting him this extra
leave.

Subject :- Transport - Ahmed Khalifa.
Reference:- Your 197/PE of March 20th.

Does this officer not maintain a private horse ? He would be entitled to do so, but if as would appear to be the case, his total monthly expenditure on the hire of horses for inspection duty is always less than £E.6, I would propose to authorize regular hire by him, rather than the maintenance of a private animal. The claim is approved.

Subject:-Official Telegraphs
Reference:-Your letter No. 1353/PE of 29/3/23

The cause, why Ahmed Eff. did not pay the cost of the two telegrams he dispatched, was because he thought that wires sent from an official to an office are exempted from due fees. He was instructed by the Director and myself to wire to us at the minute of his arrival to Safad and to inform us of the condition of his wife which necessiated his call from Nablus.

He says he might be mistaken in not paying the fees and that may be due to his ignorance of the circular

In the meantime he is ready to refund the fees required to any office you desire.

Subject :- Ahmad Effendi Khalifa - Vacation.
Reference:- Your 1/NE of 24/6/24.

Since Ahmad Effendi Khalifa has been teaching for the last term, he is temporarily subject to the same regulations and entitled to the same privileges as regular members of the teaching staff. This means that he is entitled to vacation leave during the summer holidays, of a duration proportional to the period of teaching service.

I consider that the duration of this vacation leave should be 15 days, and I have no objection to his going away for that period as from the 3rd July next. If he wishes, in addition to this vacation leave, to take the normal leave of 14 days to which he is entitled for this year, he should make a formal application to that effect.

Subject :- Annual Leave ,Ahmad Effendi Khalifa.

Ahmad Effendi Khalifa who had been teaching English in the Salahiya School since the 10th of May 1924 at the rate of 35 periods a week, is greatly needful for an extra fortnight leave for the additional great work he had been doing during that time, and I deem it necessary to grant him 15 days beginning with the 3rd of July and extending with the addition of his normal annual leave, till the end of the month. In this way we would enable him to accompany his wife to Beirut who will be attended by special doctors there.

My need for his assistance will not be so much pressing during this month owing to the fact that no examinations or school inspection are to be done during July. If however the Department cannot see its way for giving him this extra leave, I recommend that his annual leave be granted to him as from the 16th of July, please.

اظن انه يمكنكم دمج المدة اربعة ايام لتبدأ تسمى الى

D. I. E., Samaria.

Subject :- Ahmad Effendi Khalifa.

I regret to inform you that it has been found impossible, in spite of every effort to do so, to find a suitable successor to Wasfi 'Anabtawi as teacher of English in the Salahiya School, Nablus. Several candidates have been interviewed, but have not been found up to the standard required. The only possible alternative, namely to transfer one of our existing teachers, is not desirable at this late period of the session. I have therefore decided, as a temporary measure, to appoint Ahmad Effendi Khalifa, your assistant, to undertake the work until the end of the session. I am of course aware that you would prefer him to undertake his normal duties of inspection, and I fully appreciate your feelings in the matter. But I regard the immediate need of a teacher of English in the Salahiya School as of greater importance than the duties which Ahmad Effendi Khalifa would normally undertake. I must therefore request you to arrange with the headmaster for Ahmad Effendi Khalifa to commence his duties in the Salahiya School as from the 10th of May. I took the opportunity of discussing this question with 'Afif Effendi 'At'ut when he came to see me on the 1st of May, and he warmly welcomed the idea. I hope to be able to appoint a permanent teacher to this position before the beginning of next session.

I think it possible that you and the headmaster will be able to arrange it in such a way as to allow Ahmad Effendi Khalifa to have leisure to attend the office for an hour or so a day while you are on tour. In your letter 88/NE of the 29th April you suggest that one visit a week to the office is in your opinion sufficient if both the D.I.E. and his assistant are absent. I am unable to agree with this proposal so long as the D.I.E. and his assistant are both available, and I do not wish you both to be absent from Nablus at the same time.

13th January 1923.

CHIEF SECRETARY.

Subject :- Ahmed Eff. Khalifa.

Ahmed Eff. Khalifa who was seconded as from 18th November 1922 for special duty to assist the D.I.E., Samaria in the inspection of village schools, was granted 14 days leave as from 1st December to 14th December 1922 as his wife was seriously ill at Safad. He returned to duty at Nablus on 18th December thereby exceeding his leave by four days. He gave as an excuse that his wife was still seriously ill, and he did not like to leave her. On the 10th January when I was at Nablus, Ahmed Eff. Khalifa informed me he had received a telephone message from the Mufti of Safad stating that his wife was again in great danger and that he must come at once. On this, I granted him leave to proceed to Safad, but told him that as he had had his 14 days' leave, it was beyond my power to grant him more, and that I should have to refer the question to the Chief Secretary. He now telegraphs from Safad saying he needs eight days leave as from the 11th inst., until the danger is over. To this I have telegraphed as follows:-

"Disgov Safad"

"Inform Ahmed Khalifa that he cannot
"exceed 14 days leave already granted
"without sanction from Chief Secretary and
"unless he returns to duty at Nablus within
"one week he will sacrifice salary and may
"lose his post altogether".

A parallel case has not arisen in this Department before, and I should be glad of a ruling.

I may say that Ahmed Eff. Khalifa bears an excellent character, and was specially selected for his present post owing to his industry and integrity. His pay is £E.17 per mensem in grade III Junior Service.

Subject :- Ahmad Eff. Khalifa.

Reference:- Your 1/772/NE of 27.12.22.

I regret that I am unable to consider Ahmad Eff. Khalifa's request to revert to his original post at Safad at £E.15 a month. I would point out in the first place that Ahmad Eff. Khalifa actually applied through D.I.E., Nazareth, for a post as Asst. Inspector in August 1922, and, though his subsequent appointment was not directly due to his application, it is clear that he was anxious to be appointed. In the second place, before appointing him, I wrote privately to Mr. Moody and asked if Ahmad Eff. Khalifa was willing to accept the post in question at Nablus. To this question I received an answer in the affirmative. When Ahmad Effendi's wife became ill, his transfer was postponed, and later he was given special leave for two weeks to make the necessary arrangements for his wife. He returned four days late from this leave without any excuse.

The post of Headmaster at the Zawia School has been filled up and there is no post at Safad to which Ahmad Eff. Khalifa can be appointed. If he is willing to accept a post at £E.7 or £E.8, it may be arranged later.

If Ahmad Effendi Khalifa is dissatisfied with his position, he can give it up: but I am quite unable to make any promise as to his re-appointment at Safad or elsewhere.

Director of Education, Jerusalem.

Sir.

I beg to state that I have joyfully taken up my new duties at Nablus and was very interested in the work. My wife who went out of the Hospital is still sick at home as the two operations she underwent were not successful. The doctor treats her every day, and gets half a pound for him and for the nurse who accompanies him for changing dresses. So £.E.15 are to be allotted for these expenses every month. Her sickness may remain for months as it is rather dangerous. I am

I am still living in the hotel and am unable to find even a small room for my self only. With the remaining £.E.4 I can scarcely manage my sleeping expenses in the hotel. I am in utter embarrassment about the management of my livelihood, and quite troubled minded about my helpless wife whom I left at Safed and came to Nablus to resume my work. Moreover the Islamic habits incur that the husband must be present when a doctor attends his wife. So it is irregular and shameful on my part to leave my wife in such a helpless condition to the care of her neighbours.

I hereby submit this petition for the favour of your kind consideration hoping you will be kind enough as to make necessary arrangements which may put me in a right position to look after my helpless wife.

I am quite willing to sacrifice my promotion for the sake of my wife with whom I am quite sure your merciful heart will sympathize.

In the name of mercy and humanity I beseech you to make a favourable solution of the matter in a way to provide me with a post at Safed, expecting an early reply, please.

Subject :- Ahmad Eff. Khalifeh, A/D.I.E. Samaria.
Reference:- Attached.

I return herewith the petition of Ahmad Eff. Khalifeh and beg to submit the following remarks in connection, please.

1. The way in which Ahmad Eff. submitted the petition to you without previous reference to me personally is quite irregular, inspite of the warning of the Education Clerk who pointed out to him that such letters should pass through the D.I.E. in person. By doing thus, he meant that I should not know any thing about the matter in fear of my standing in the way of his transfer to .I pointed to him his mistake and he considered him-self to be guilty.
2. As regard to the house for his dwelling, I have found for him several houses, but he pretends of their unsuitability from the sanitary and high rental points of view, while it is contrary to what he pretends as I have noticed that he pends this having an idea of returning to Safed.
3. Inspite of all facilities I made to make him comfortable, I have found that he does not have the least desire of remaining at Nablus for the following reasons.
 1. He pretends that the reason is owing to the illness of his wife, while in reality the reason is that he is unable to do the work charged to him and finds great difficulty in proceeding on tours for village school inspection.
 2. It clearly appears to me that he cannot get on well in his present post as A/D.I.E. inspite of his good characters and zeal.
4. He is contented to return to Safed for the salary he used to draw there i.e. £.E.15.
5. I am sure that if you do not arrange for his transfer to Safed he remains hopeless at Nablus and we cannot hope from him any useful work which the Department expects to get.
6. Therefore in order that we may get on well in all means and to work as one body for elevating the standard of the education in the whole District as I have in idea, I storngly recommend for complying with his request by arranging for his transfer to Safed. This of course if you find it convenient, please.

Mr. Ahmed Khalifa, Headmaster of the Zawia School, Safed, had proved during the last twelve months to be energetic, punctual and efficient in his work. He is therefore entitled to the annual increment as from 1.9.22, unless his present salary (£E.15.---) which is the maximum of his grade bars his increase.

ان احمد خليفة مدير مدرسة الزاوية في صفد قد برهن في الاشهر الاثني عشر الماضية انه نشيط وموظف وقدير عمله. ولذلك فانه مستحق للزيادة السنوية اعتباراً من 1/9/22. ان لم يقبل ذلك وفرض الحد الأقصى للمرتبة المدرسية.

It is proposed that Mr. Ahmed Khalifa shall be confirmed in his appointment as headmaster and will be paid at the rate of £E. 45⁻ as from 1. 9. 31.

I am glad to hear that he is doing well. I do not understand, however, why the improvement in the boys school at Safed should be considered "unscrupulous".

Reference:- Your 471/EE of 10.3.21 addressed to
District Governor.

Unscrupulously, the Boys School at Safed has proved very greatly since Mr. Ahmed Khalifa undertook its management. He has proved to be cheerful, able to maintain discipline, promote order and wisely using his authority. It is therefore strongly requested that his appointment as Head Master be sanctioned, as this will give him great encouragement to maintain his excellent services.
